NOTICE OF ACTION TO BE TAKEN PURSUANT THE WRITTEN CONSENT OF THE SHAREHOLDER HOLDING A MAJORITY OF THE VOTING POWER OF THE OUTSTANDING SHARES OF STOCK OF THE COMPANY IN LIEU OF A SPECIAL MEETING OF THE SHAREHOLDERS.

To the Company's Shareholders:

NOTICE IS HEREBY GIVEN that the following action has been approved pursuant to the written consent of the holders of a majority of the voting power of the outstanding capital stock of the Company dated July 24, 2017, in lieu of a special meeting of the shareholders.

To amend the Company's certificate of incorporation to (1) increase (the "Increase") the authorized shares of common stock of the Company from 100,000,000 to 300,000,000 and (2) to create a Preferred Stock class and, and authorize the issuance of up to 10 million shares of Preferred Stock, with such rights, preferences and limitations as may be set from time to time by resolution of the Board (the "Amendment").

OUTSTANDING SHARES AND VOTING RIGHTS

As of the record date of July 24, 2017 (the "Record Date"), the Company's authorized capitalization consisted of 100,000,000 shares of Common Stock, of which 39,003,986 shares were issued and outstanding and no shares of Preferred Stock were authorized. Each share of Common Stock entitles its holder to one vote on each matter submitted to the shareholders. However, because shareholders holding a majority of the voting rights of all outstanding shares of common stock as of July 24, 2017 have voted in favor of the foregoing action by resolution dated July 24, 2017, no other shareholder consents will be solicited in connection with this Information Statement.

Shareholders of record on the Record Date will be entitled to receive this notice and Information Statement.

Pursuant to Rule 14c-2 under the Securities Exchange Act of 1934, as amended, the actions described herein will not be implemented until a date at least 20 days after the date on which this Information Statement has been mailed to the shareholders. The Company anticipates that the Amendment will be effectuated on or about August 30, 2017.

What action was taken by written consent?

We obtained stockholder consent for the approval of an amendment to our certificate of incorporation to increase our authorized shares of common stock, no par value (the "Common Stock") from 100,000,000 to 300,000,000 and authorize 10,000,000 Preferred Stock, no par value, with such rights, preferences and limitations as may be sent from time to time by resolution of the Board.

How many shares of voting stock were outstanding on the Record Date?

On the Record Date, the date we received the consent of the holders of a majority of the voting power of our stockholders, there were 39,003,986 shares of Common Stock outstanding.

What vote was obtained to approve the amendment to the articles of incorporation described in this information statement?

We obtained the approval of the holders of 20,198,325 shares of Common Stock, or approximately 51.8% of the voting power of our common stockholders eligible to vote on the amendment to our certificate of incorporation.

**AMENDMENT TO THE CERTIFICATE OF INCORPORATION
TO INCREASE AUTHORIZED SHARES OF COMMON STOCK FROM 100,000,000 TO 300,000,000**

Our board of directors and the holders of a majority of the voting power of our stockholders have approved the amendment to our articles of incorporation (the "Amendment") increasing our authorized shares of Common Stock from 100,000,000 shares to 300,000,000 shares and authorizing 10,000,000 shares of Preferred Stock. The increase in our authorized shares of Common Stock and the new 10,000,000 shares of Preferred Stock will become effective upon the filing of the Amendment with the Secretary of State of the State of California. We will file the Amendment approximately (but not less than) 20 days after the definitive information statement is mailed to stockholders.

The form of Certificate of Amendment to be filed with the Secretary of State of the State of California is set forth as Appendix A to this information statement.

Outstanding Shares and Purpose of the Amendment

Our articles of incorporation currently authorize us to issue a maximum of 100,000,000 shares of Common Stock, no par value per share. As of the Record Date, we had 39,003,986 shares of Common Stock issued and outstanding.

The board of directors believes that the increase in our authorized Common Stock will provide us with greater flexibility with respect to our capital structure for business purposes including additional equity financings and stock based acquisitions.

Effects of the Increase in Authorized Common Stock

The additional shares of Common Stock will have the same rights as the presently authorized shares, including the right to cast one vote per share of Common Stock. Although the authorization of additional shares will not, in itself, have any effect on the rights of any holder of our Common Stock, the future issuance of additional shares of Common Stock (other than by way of a stock split or dividend) would have the effect of diluting the voting rights and could have the effect of diluting earnings per share and book value per share of existing stockholders.

At present, the board of directors has no plans to issue the additional shares of Common Stock authorized by the Amendment. However, it is possible that some of these additional shares could be used in the future for various other purposes without further stockholder approval, except as such approval may be required in particular cases by our charter documents, applicable law or the rules of any stock exchange or other quotation system on which our securities may then be listed. These purposes may include: raising capital, settlement of debt, providing equity incentives to employees, officers or directors, establishing strategic relationships with other companies, and expanding our business or product lines through the acquisition of other businesses or products.

We could also use the additional shares of Common Stock that will become available pursuant to the Amendment to oppose a hostile takeover attempt or to delay or prevent changes in control or management of our company. Although the board's approval of the Amendment was not prompted by the threat of any hostile takeover attempt (nor is the board currently aware of any such attempts directed at us), nevertheless, stockholders should be aware that the Amendment could facilitate future efforts by us to deter or prevent changes in control of our company, including transactions in which our stockholders might otherwise receive a premium for their shares over then current market prices.

CREATION OF A PREFERRED STOCK CLASS

General

The Board of Directors and holders of a majority of the outstanding shares of Common Stock have approved a proposal to amend the Company's certificate of incorporation to create a new class of stock, Preferred Stock, and authorize the issuance of up to 10,000,000 shares, with such rights, preferences and limitations as may be set from time to time by resolution of the Board.

Purposes of the Creation of the Preferred Stock

The Board believes that the stockholders of the Company will benefit from the Amendment to authorize Preferred Stock in that it will provide the Company with available capital that could be issued for various corporate purposes which may be identified in the future, including acquisitions, stock options, and conversion of debt to equity and convertible debt and equity financings. The Board also believes that it is in the Company's and its stockholders' best interests to authorize the Amendment to enable the Company to promptly take advantage of market conditions and the availability of favorable opportunities without the delay and expense associated with holding a special meeting of stockholders. Although the Company has no current financing plans, agreements or commitments for financing, if an opportunity should present itself, the Company may designate and issue shares of Preferred Stock in connection with such a financing from time to time.

Potential risks of the Creation of Preferred Stock

There can be no assurance that additional investors will be attracted to the Company's new capital structure.

Further, as the newly-created Preferred Stock shareholders will likely have precedence over Common Stock with respect to both the declaration of dividends and in any liquidation of the Company, holders of Common Stock may not receive a dividend or proceeds from a liquidation of the Company, while the holders of Preferred Stock may receive such dividends or proceeds.

Interests of Certain Persons in the Action

Certain of the Company's officers and directors have an interest in the Amendment as a result of their ownership of shares of our common stock, as set forth in the section entitled "Security Ownership of Certain Beneficial Owners and Management" below. However, we do not believe that our officers or directors have interests in the Amendment that are different from or greater than those of any other of our stockholders.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information regarding beneficial ownership of the Company's Common Stock as of the Record Date by (i) each person who is known by us to beneficially own more than 5% of the Company's Common Stock; (ii) each of the Company's officers and directors; and (iii) all of the Company's officers and directors as a group.

Beneficial ownership has been determined in accordance with the rules and regulations of the Securities and Exchange Commission (the "Commission") and includes voting or investment power with respect to the shares. Unless otherwise indicated, the persons named in the table below have sole voting and investment power with respect to the number of shares indicated as beneficially owned by them.
