**H/Cell Energy Reports FY2018 Second Quarter Financial Results**

Flemington, NJ, August 10, 2018 (GLOBE NEWSWIRE) — H/Cell Energy Corporation (OTCQB:HCCC) (“HCCC”), a company that designs and implements clean energy solutions featuring hydrogen energy systems, has announced financial results for its fiscal 2018 second quarter ended June 30, 2018.

For the three months ended June 30, 2018, HCCC generated revenue of \$2,009,825 and net income of \$13,955 or \$0.00 in earnings per share, fully diluted. For the six months ended June 30, 2018, HCCC generated revenue of \$3,736,149 and a net loss of \$97,014 or \$(0.01) in earnings per share.

Matthew Hidalgo, CFO of HCCC, commented, “We are very pleased to announce a profitable quarter with record revenue for the company. We had a profitable quarter inclusive of non-cash charges of \$64,432 which does not affect the cash flow performance or working capital of HCCC. The company is performing well and is creating more revenue producing opportunities as indicated by our active bid list, which totaled approximately \$8.1 million as of June 30, 2018. Our financial condition remains solid with \$460,538 in cash, \$3,792,845 in assets and \$427,535 in working capital as of June 30, 2018. Although we are still a young company from a shareholder value perspective, we continue to grow and add value for our investors. HCCC will be making an effort to generate more investor interest in the months ahead. We remain very encouraged about the future.”

About H/Cell Energy Corporation:

H/Cell Energy Corporation is an integrator that focuses on the design and implementation of clean energy solutions including solar, battery, fuel cell and hydrogen generation systems. In addition, through its subsidiaries, HCCC also provides environmental systems and security systems integration. HCCC serves the residential, commercial and government sectors. Please visit our website at [www.hcellenergy.com](http://www.hcellenergy.com) for more information.
