ANPATH GROUP, INC.
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS
June 30, 2014 AND March 31, 2014

NOTE 1 - ORGANIZATION AND DESCRIPTION OF BUSINESS

The principal business of Anpath Group, Inc. (hereinafter “the Company”) is a holding company. The Company’s sole subsidiary is EnviroSystems, Inc. (hereinafter “ESI”).

The Company through its subsidiary, ESI, plans to begin producing disinfecting, biocidal, sanitizing, and cleaning products designed to help prevent the spread of infectious microorganisms and control the growth of these disease-causing microbes, while minimizing the harmful effects to people, animals, surfaces and the environment. ESI intends to exploit its technology platform through the development and licensing/private labeling of its technology in several product categories. The Company’s chemical emulsion technology will permit ESI to offer a wide range of disinfectant/biocides/sanitizer/cleaner/antiseptic products for a variety of applications and markets. The Company’s primary focus is the market introduction of GeoTru™ Geobiocide, for use in the oil and gas industry, specifically for hydraulic fracturing and microbial control in fracking fluids. ESI will also opportunistically seek to license/private label its technology/products for surface disinfection.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Development stage

The company has limited operations and is considered to be in the development stage. In the year ended March 31, 2014, the Company elected to early adopt Accounting Standards Update No. 2014-10, Development Stage Entities (Topic 915): Elimination of Certain Financial Reporting Requirements. The adoption of this ASU allows the company to remove the inception to date information and all references to development stage.

NOTE 3 – GOING CONCERN

As shown in the accompanying financial statements, we have incurred net losses of \$119,835 and \$4,416,592 for the three months ended June 30, 2014 and 2013, respectively. In addition, we have an accumulated deficit of \$5,784,353 and a working capital deficit of \$468,494 as of June 30, 2014. These conditions raise substantial doubt as to our ability to continue as a going concern. In response to these conditions, we may raise additional capital through the sale of equity securities, through an offering of debt securities or through borrowings from financial institutions or individuals. The financial statements do not include any adjustments that might be necessary if we are unable to continue as a going concern. See Note 7 – Subsequent Events.

NOTE 4 – SUBSEQUENT EVENTS

On July 2, 2014, we closed a financing by which one accredited investor purchased two Original Issue Discount Senior Secured Convertible Debentures due March 31, 2015 and a Common Stock Purchase Warrant to purchase a total of 2,905,000 shares at \$0.35 per share, exercisable for a period of five years. The first Debenture, in the principal amount of \$215,250 was issued in exchange for the Company’s Secured Promissory Note in the principal amount of \$205,000 and the second Debenture, in the principal amount of \$220,500, was sold for the sum of \$210,000.

Item 2. Management's Discussions and Analysis of Financial Condition and Results of Operations.

Forward-looking Statements

Statements made in this Quarterly Report which are not purely historical are forward-looking statements with respect to the goals, plan objectives, intentions, expectations, financial condition, results of operations, future performance and our business, including, without limitation, (i) our ability to raise capital, and (ii) statements preceded by, followed by or that include the words "may," "would," "could," "should," "expects," "projects," "anticipates," "believes," "estimates," "plans," "intends," "targets" or similar expressions.

Forward-looking statements involve inherent risks and uncertainties, and important factors (many of which are beyond our control) that could cause actual results to differ materially from those set forth in the forward-looking statements, including the following, general economic or industry conditions, nationally and/or in the communities in which we may conduct business, changes in the interest rate environment, legislation or regulatory requirements, conditions of the securities markets, our ability to raise capital, changes in accounting principles, policies or guidelines, financial or political instability, acts of war or terrorism, other economic, competitive, governmental, regulatory and technical factors affecting our current or potential business and related matters.

Accordingly, results actually achieved may differ materially from expected results in these statements. Forward-looking statements speak only as of the date they are made. We do not undertake, and specifically disclaim, any obligation to update any forward-looking statements to reflect events or circumstances occurring after the date of such statements.

Results of Operation

For The Three Months Ended June 30, 2014 Compared to The Three Months Ended June 30, 2013.

Our operating expenses decreased to \$114,974 during the quarterly period ended June 30, 2014, from \$4,371,592 in the year-ago period. This decrease was driven principally by a decrease in payroll to \$51,580 in the June 30, 2014, quarter as compared to \$4,311,617 in the year-ago period due to the recognition of a \$4,300,000 expense for the issuance of 5,375,000 shares of our common stock as compensation to our majority stockholder as well as directors, executive officers, employees and consultants in the June 30, 2013, quarter. We had a loss from operations of \$114,974 in the three months ended June 30, 2014 compared to a loss from operations of \$4,371,592 in the three months ended June 30, 2013. We had net interest expense of \$4,861 in the quarter ended June 30, 2014 and \$45,000 for the quarter ended June 30, 2013.

For the three months ended June 30, 2014, our net loss was \$119,835, or \$0.01 per share, as compared to a net loss of \$4,416,592, or \$0.57 per share, during the year-ago period.

Liquidity

The Company had cash on hand of \$335 as of June 30, 2014. We believe that this cash on hand will not be sufficient to meet our expenses through the end of our 2014 fiscal year. Accordingly, on July 2, 2014, which is subsequent to the end of the period covered by this report, we closed a financing by which one accredited investor purchased two Original Issue Discount Senior Secured Convertible Debentures due March 31, 2015 (the "Debentures") and a Common Stock Purchase Warrant to purchase a total of 2,905,000 shares of our common stock at a price of \$0.35 per share, exercisable for a period of five years (the "Warrant"). The first Debenture, in the principal amount of \$215,250 was issued in exchange for the Company's Secured Promissory Note in the principal amount of \$205,000 in reliance on Sections 3(a)(9) and 4(a)(2) of the Securities Act of 1933, as amended, and the second Debenture, in the principal amount of \$220,500, was issued in consideration of the sum of \$210,000.

We believe that we will require a total of approximately \$2 million in order to begin producing and distributing our cleaning products. We will have to seek additional financing through either a private placement of our stock or through debt financing. While management expects to be able to raise the required funds, there is no guarantee that we can obtain adequate financing. Our ability to achieve a level of profitable operations and/or additional financing may affect our ability to continue as a going concern.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Not required.

Item 4. Controls and Procedures.**Evaluation of disclosure controls and procedures**

Our management, with the participation of our chief executive officer and chief financial officer, evaluated the effectiveness of our disclosure controls and procedures as defined in Rule 13a-15(e) under the Exchange Act as of the end of the period covered by this Quarterly Report on Form 10-Q. In designing and evaluating the disclosure controls and procedures, our management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives. In addition, the design of disclosure controls and procedures must reflect the fact that there are resource constraints and that management is required to apply its judgment in evaluating the benefits of possible controls and procedures relative to their costs. The design of any disclosure controls and procedures also is based in part upon certain assumptions about the likelihood of future events and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions.

Based on that evaluation, our chief executive officer and chief financial officer concluded that, as of June 30, 2014, our disclosure controls and procedures were not effective to provide reasonable assurance that information we are required to disclose in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules, regulations and forms, and that such information is accumulated and communicated to our management, including our chief executive officer and chief financial officer, as appropriate, to allow timely decisions regarding required disclosure. This material deficiency is due to a lack of adequate internal controls and the absence of an audit committee.

Changes in internal control over financial reporting

There were no significant changes in our internal controls over financial reporting that occurred during our last fiscal quarter that have materially affected, or are reasonably likely to affect, our internal control over financial reporting.

PART II - OTHER INFORMATION**Item 1. Legal Proceedings.**

On September 27, 2013, Susan Ladeau filed a Complaint against the Company and ESI in the Superior Court of the County of Iredell, North Carolina, seeking payment of wages of approximately \$25,000, together with vacation pay, the value of health insurance benefits and medical expenses collectively totaling approximately \$12,000, and the issuance of 40,000 shares of the Company's common stock. The case was designated Case No. 13CV 02277. The Company and ESI dispute Ms. Ladeau's claims and have filed an answer to the Complaint.

Item 1A. Risk Factors.

During the quarterly period ended June 30, 2014, we have not issued any unregistered securities that have not already been disclosed in a Current Report on Form 8-K.
